

QUiRelation::on_EDescription
_textChanged

```
graph LR; A[QUiRelation::on_EDescription_textChanged] --> B[Relation::setDescription]
```

The diagram illustrates a signal-slot connection. On the left, a gray rectangular box contains the text 'QUiRelation::on_EDescription_textChanged'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'Relation::setDescription'.

Relation::setDescription
